

Your BBC year 2009

- ① Most important News programmes are excellent. British plays & films are enjoyable.
- ② T.V. & radio services. Too much American based programmes. Far too many programmes on renovations to houses & gardens. Also luxury holiday programmes.
Radio Humberside does not serve Grimsby & Beetham enough. It's difficult to get the service on Medium Wave.
- ③ Commercial Services Should continue providing it doesn't intrude on ordinary BBC programmes.
- ④ Funding It should continue with the licence fee. I find advertisements in programmes a real nuisance.
- ⑤ Regulation An independent body free of government intervention.
