Dear Sir,

The review is coming up for renewal. A suggestion has been made that the B.B.C. should be controlled by a Government body (appointed) this I strongly oppose.

The independence of the B.B.C. is the envy of the World.

I would like to express my views on background music in some of the programmes, this is annoying and totally unnecessary.

I trust my views will be considered.

Yours Truly

J. Biddle (Miss)
