

In reply to your B.B.C. Commentation paper, First let me say Keep the B.B.C. as it is not a lot wrong, Both my wife and I are over 70 O.A.P.'s I love RADIO 5 find the Transmission great for not digital. when will we get digital Radio on the Island? I bet you lot in London will look on the Map for the I.O.M.? Second I'm not happy the way you treated "Kilroy" he told the truth, Now I'll be losing Nicky Lombell (R 5) also B B C Interview on the Island.?
