

Dear Sir/Mdme,

You have asked for views about
the B.B.C.

There are very few organisations
now that can handle the truth. This
is what was printed recently and, because
it was printed and backed up by the
Board, Directors lost their jobs.

Although they are far from bankrupt,
there is more to people's feelings than
money.

I have little of this - and by your
amounts none, - but in your firm there
is one of the few outlets left for this truth.
