

B.B.C. CHARTER REVIEW CONSULTATION

I VALUE MOST

- Radio 4 its present format is sacrosanct so please no changes
- Radio 3 continue the mix of classical and jazz etc. and include arts discussions and Information
- Radio 2 O.K.
- TV 2 make documentaries stick to facts and change some of the worn-out Presenters
- TV1&2 Sport - try for more golf as Peter Allis and Ken Brown are national assets.
Keep Grandstand
- Quizzes - keep University Challenge but kill off The Weakest Link
- Drama - keep up the good work
- BBC 3 & 4 Must they continue? Right now they seem to have no reason for being!

New Technology Continue excellent internet information

Commercial seems the right balance but for heaven's sake limit the on-screen stuff

Paying Keep licence fee

Organisation keep independent from government.

I mourn the demise of Greg Dyke brought about by the weak-kneed holier-than-holy Governors.

I HATE MOST

- stupid dancers in red and black between programmes
- endless trailers for forthcoming programmes
- arrogance and defensiveness of producers when being challenged by the public on Feedback

B.B.C. Governors should only have the role of regulating on behalf of public interest. It is vitally important to select a balanced representation and not just appoint a load of stuffed-shirts who are considered to be politically correct.
