BBC Charter Review Consultation,
Dept. for Culture, Media & Sport,
2-4 Cockspur Street, SW1V 5DH.

Dear Sirs,

I wish to place on record my view
that the BBC licence-fee funding should
continue as the best method for this
national and international service.
At the same time the BBC should
continue to run commercial services.

I would like to record my personal
regard for what BBC services have meant
to me since my school days - primarily
Radio & TV - and the great range from
school programmes, through documentaries,
consumer affairs, music, medical matters
the natural world (or any outstanding items
here!) to news and international affairs,
not forgetting much classical drama welcomed
around the world.

Yours faithfully,
J. S. Salmer.
