to whom it may concern,

Please do not

alter the B.B.C. You have the best of the world for choice. Also the licence is by far the best way to fund the B.B.C. I do not like sport but this must be kept as many people find this to their liking.

as to the

regulations they are very good E.G.
• No smut or swearing is allowed.

I would however like to go back to the days when the B.B.C. was renowned for correct grammar and English

II

I have heard ruler when related
to a measure it should be rule,
reiterate, it should be iterate

Sophisticate the true meaning is
to adulterate the exact opposite
to the way it is used.

Mr Mal'aprop from Sheridan's
comedy The Rivals liked long words
hence malapropism.

Once again.

please do not alter except to
go back to the time when
grammar etc was perfect.

P.S. My English is not as good
as I would like but at nearly
75 it is too late
