

2/3/04

Dear Sirs,

In reference to your 1313 e.
Charter review.

My pet hate is "music"
on T.V. when people are
talking making it impossible
to hear what is being said.

Not only in films but
even in Gardener's World,
holiday programmes etc., I
have to switch off.

Sometimes I miss seeing
the news and switch on to
hear the news headlines.

Again the voices are drowned
by that awful drumming noise.
Putting on the words distract
from the picture.

Yours sincerely,
(Mrs) M Smith
