## Comment

- 1 I long for a channel that I can turn on without seeing its title or coverage
- 2 For a channel where 'JESUS' is used only as an expletive
- 3 Where every long running programme is not "dumbed down" - including Song of Praise which is reduced to bloopers.
- 4 Where questioners don't continually interrupt - Desert Island Discs especially.
- 5 Why can't the churches be given a channel, not just for services but for morally acceptable programmes
- 6 Same for Radio - Science one on Thursday a m. good.
- 7 World Service as before re. organisation brought back. People did not speak so quickly on it - for foreigners sake
- 8 " HISTORICAL DRAMA all too alike in representation (PTO.)

## DISLIKE

9. Presenters - identikit females 20ish long blond straggly hair - ruined 'Tomorrow's World'
10. Older people have much more character - often shown by great artists
11. Picture exhibition ruined by 'presenter' always being shown - I want to see the pictures not presenter
12. Bring back some of excellent children's programmes "Singing Ringing Tree" "Tales of Riverbank"
13. Bring back magnificent series "The Accursed King" (Les Rois Maudits).
