Dear Sirs,

Regarding B.B.C. and its future.

I personally do not watch it. I object to the outrageous licence fee, especially being on a pension. I have Sky television which I enjoy far more, and much more variety of programmes.

In my opinion there are two things I'd like to happen. 1/ Instead of a T.V. licence show commercials. 2/ Let those that want B.B.C. pay per view system.

yours Sincerely  
E A. Stevens
