D.C.M.S. at
B.B.C. Charter Review.

Hello Gentlemen/Ladies, I wish to comment that the B.B.C. appears to have an air of improvement since the Greg. Dyke regime has gone. I endorse the new man now in charge and he should be the permanent appointment.

However, during the previous regime I have objections to the amount of B.B.C. programme time that includes:

- a). Anti Royalty / pro. Republican slant.
- b). Promotion of homosexuality issues.
- c). Anti Christianity slant.
- d). Anti traditional family slant.

In conclusion I support the B.B.C. License funding system providing they uphold the British Christian traditions.

Yours faithfully.
