

30th March, 2004

As an old age pensioner of nearly 80, may I say that the object I value most in my home is my radio. It is my constant companion. Of all the services offered to the elderly, this one, which brings me world news, intellectual stimulation, (I have ceased having a daily paper), and fellowship with others, is the one I value most. Please let me pay my license fee again if this is the only way of saving it. Daphne Rosalinde Wyke
