

10.3.05.

Dear Sir,

Having read your advert this week, in the Mail, I am writing to tell you my views & protest at the regional news you put out to my "neck of the woods". I am a London born "g.I.M." & lived there until 1964, then moved to Canvey & consider myself an Essex's person now, so I object very strongly to being given news of Kent & Surrey. It has very little interest to me & the weather forecast does not concern where I live at all, so please would you transmit London & Essex news to us Canvey Islanders.

T.V.N gives us the London news.

Sincerely

D. Baker-Brown
