

G. BARLEY B.A. ACP, A.C.I.I.

23-3-05.

Dear Sir,

I like out in the far reaches of the old West Riding and modern gadgets are rare. I have just finished watching Mr Dibnah on his travels first class and the brass band music was just right. I have a good deal to say about the papers I do not like. The claims that appear between papers expensive and add nothing to view, including a version in 'Coventry News'. News an array of in many cases poor news readers I get the feeling a point is being made, 'Coventry News' now and again before and after then. Comedy a lot of foul language the actor and producers should be

Banned.

Sport. — Snooker football golf
racing tennis all very well if you
like sport but paint drying is no
exciting if you don't.

I heard a chit this week Mr. Henman
is about to set up a Nat. tennis school.
So no doubt the BBC will go for it in a
big way.

I would think Mr. Becken's football school
will be more successful.

We have had a good week of rugby
yet Mr. INVERDUNN rebuffed Hebble's eyes
come more.

I watch DALZIEL. PASCOS } BBC
LINDLEY MYSZURAT }

FROST ITV.

I did also watch STOPPICK Sun BBC
ALB GREENETT.

TAGGART still watch news return. (ITV).

ARTHUR HAYME.

BENNY Hill.

The music program seems no
cold program. I watched two

JAZZ Swing at CARMINE'S HALL
NY. Goodman, DORSEY, etc at
PARADISE THEATRE BROOKLYN.

I find work for a large fun
old BRITISH SERIALS.

Lots of staff many with good
- jobs.

I particularly enjoy
MASTER MIND, the question master
has a very friendly manner and the way he
speaks and treats the contestants is a real
contrast to some of the TV presenters

University Challenge, good show Mr PAXMAN
does a fine job and is also always
friendly to the students.

At last I have captured my
thoughts on the BBC, but in the real world
the climate is much harsher, after 3 careers and
several jobs you can take that as gospel.

Yours faithfully

~~Little Dick~~
