to whom it may concern,

THE B.B.C.

Do we get value for money? NO.

Do we get a fair choice? NO

Do we pay too much? YES

Should we have to pay? NO

The B.B.C has been told to buck up its ideas, that we need more serious programmes to warrant for the HIGH fee, well I don't agree.

What we need is a selection to suit young and old.

Why put SPORT on all day Saturday and Sunday, why keep

Little Britain its CRAP, why take off FLOE IT, why keep the lottery programme, all we need are the numbers, why get rid of Ground Force, why keep EASTENDERS the soap has run its course, story lines are too far fetched.

Do the B.B.C need all the stuff its got, why not put on films that havnt been on before, at Christmas the programmes were mostly repeats, I don't think we should have to pay for shows we've already seen some years before and paid the licence fee for.

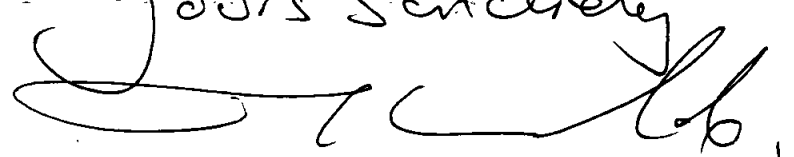

The bottom line is would you by last weeks News of the World this week when you've already paid for it and read it

There has to be films out there that
haven't been on T.V., there must be
shows in the pipeline that will entertain
us.

at one time the B.B.C was the
channel to watch but now I only
watch on a Sunday and that's only
for the Antiques Roadshow

If its put to a vote abolish the
licence fee I will be first in the
queue we don't get value for
money and I need value, I work
hard for it and I hate to see it
wasted.

yours sincerely
