Dear Sir or madam.

I have write to Tony Blair  
our member of parliment esq about the  
Rising costs of The Television he has  
sent my letter off to someone else to answer  
I hear on the news and in the paper  
that the television license would go up  
for another 10 years. I think this is all  
so wrong for to Do. as when the license  
goes up ~~to~~ it does not go up a £1 it  
goes up about £5 every year. as I only  
live on sickness benefit and income  
supp that and can't work no more through  
ill health I dont think this is fair in

another 6 years. I shall be a pensioner  
semi citizen. I was told once it got to a  
certain price it would stop at that.

Please write back in answer please

Regarding this

Yours Sincerely

MRS. Ann. Cope
