

Dear BBC

Re BBC Charter Review

I would request a rerun of the Comedy Series 'Mulberry' with, I rather think it was, Karl Halman. You ran it several years ago & whilst we get repeat after repeat of other shows - not this one - it was good & worthy of a rerun, my husband & myself laughed so much & that's what we're short of something to cheer us up. One can't laugh at a sitcom if it's constantly shown month after month - Take a look back & find some other series to show us - Here is to hoping

Yours in anticipation

PS Is it possible to buy the above
on Video or Disc?
