The educational TV is very good, wild life, time watch, a favourite Ray Mears very good. Fred Dikna is very good. I remember his first shows he goes back a long time, I wonder if these programs shown in schools. good for learning. its great to see the football back where it belongs. ITV spoilt it by too much after the match talking by ~~too much~~ so called Pandits. Lets watch the football. not too much talk. we have all got different views on TV Programs its good for business

I would like to know  
why the TV licence fee  
keeps going up & up.  
is there any need for  
this, its very expensive  
can there be a hold on  
it for a while  
Yours Mr Davies
