Dear Sirs,

Yes I am a new Trunkie and Sports Fan and this Review  
has come at an appropriate time for the following reasons. Your Radio 5  
Service is deteriorating fast from what was the Pinnacle of Radio Broadcasting  
to gutter Broadcasting trying to take on Confrontational Stations like Talksport  
The Condescending attitude and irrelevant questions asked by the likes of  
VICTORIA DEBBY-SHERE (The worst female) and worst overall to Nicky Campbell.  
almost as bad acting like a School Master with no real knowledge of his subject. There  
is also one Sports Commentator who I cannot recall Name who has escaped in  
some ways a good smack by astonished Sportsmen/Women and their fans by the  
skin of his teeth, he is so Rude and Arrogant, Come on BBC lets have more  
people like Simon Mayo who is Excellent, Relevant, and Polite as used  
to be the case with all your Broadcasters. Finally why are there so many Scottish  
Staff in Radio or TV? My Father was Scottish so I have no Prejudice.

I am Tired of Trailers and Repeats on T.V. and BBC1 is the  
Worst. If you must Repeat a Programme either leave it longer or Repeat it at  
a different time of day for a different Audience. Some evenings there are more  
repeats than new programmes.

I look forward to some URGENT CHANGES on you will  
drive me away as a Listener/Viewer.

Yours faithfully

Andrew M. Fitzsimons
