Action for blind people

14/3/05

Dear B.B.C.

You asked for our views
please can you send me a
form with questions.

I just wish the government
would leave you to get on
with it. I am sick of them
interfering in so many areas.

I enjoy documentaries on
various things, wildlife shows also
D.I.Y., Have a Canary,
News Night, & Judge John Deed
is excellent. Best of all it's got
no adverts except your own, which
do get on my nerves abit. Some
repeats are in too many times
like 'Some Mothers Do Have Em' only
Foots & Horses & Good Life. On the whole

I watch BBC 1 & 2 more
than any channel, I don't
wait to go digital but I guess
I will have to. Can you
tell me why we have to please?

Yours sincerely,

Stephanie Giles
