REF: TODAY RADIO 2. JONATHAN ROSS 10am X NOON.

Dear Sirs, as a Regular Radio listener from 'LIGHT' Progs and weekly Wogan to Jeremy Vine I am shocked at the Airtime given to the Jonathan Ross Shows, the man cannot do a single Show without SEX + Toilet type talks most of it unsuitable for morning Family listening.

Today he spent minutes describing topic of 'Nose Picking' in very great detail, this was disgusting to normal people & offensive.

Also he seems always to have some 'STOOGES' who finds it funny to Roar with laughter every second.

Myself, family can no longer put-up with Ross & will give him a miss Saturdays.

Yours Truly  
WJDHAM. H.D.
