BBC Charter Review  
Department of Culture  
2-4 Cockspur St  
London SW1Y 5DH

Dear Sirs

With reference to your advertisement  
in the Daily Mail  
Stop playing disturbing background  
noise, in many cases the person  
talking can hardly be understood.  
For instance if a peaceful country  
scene is being featured why drone  
or loud instruments playing and  
so spoiling the whole atmosphere

Yours sincerely  
Eric W. Halliday
