Dear Sirs,

I write on behalf of the residents of

**Lewis W Hammerson Memorial Home
Hammerson House
50A The Bishop's Avenue
London N2 OBE**

I am a member of the Activity Staff at this wonderful Care Home housing 95 residents. One of the activities that I take is a weekly discussion group and very often Television, Radio and particularly the BBC is discussed.

I read your recent advertisement in the newspapers with great interest, and I wonder whether it would be possible to have a Spokesperson from the BBC to come along at talk to us about your future plans - the residents would have so many questions to ask as this plays such an important part of their everyday lives.

Should your department not be able to assist us - would you please be kind enough to inform me of the correct address, or forward this letter to them on our behalf. Would you be kind enough to reply directly to Hammerson House.

Yours faithfully,

IVOR KAYE
