Dear Sir,

With reference to your notification in Daily Mail
'Your BBC, Your Say'; my suggestions are as follows;

1. What it does for, us. How it does it - For your information,

I am aged 73, a retired Advisory teacher from LEA
County Hall, running as Chairman - trustees of Krishna
Yoga Mandir - registered charity; no one can beat me
as regards the knowledge of Hindu scriptures. The
person of my status can represent my community
on your panel to invigilate and guide you regularly,
for Hindus.

2. The Charter should be the Magna Carta of life in
Britain. The review should encompass universal
human values to protect and enhance the interest
of future generations.

Looking forward to hearing from you asap.

Yours sincerely,
