

B.B.C. Banties Review

Dept Culture - et. al.

Dear Sir/Madam -

H/W my complaints and dislikes.

- 1) Bannet stud those dreadful Red and Black antics between programmes. Especially the ugly male and female dancers. What was wrong with the red ball which floated across to a rimed castle? That was enough. Have something similar. And just how much do those awful dancing, skating and so on cost. - a lot of people's tax?
- 2) Please don't play music or singing while watching a film or T.V. play. Enjoy watching, don't want background sounds. (I.T.V. do it also)
- 3) Slow down the cast list a bit at the end of films. Often cannot recall a name, but you roll them down so quickly cannot catch the names.
- 4) You have had some great documentaries, and I like the old films. Watch Uni, Challenge & Mastermind but hate all the other horrible quiz. Don't watch. Get very upset too when something I want is off, because that awful football is on. Hate it. But you cannot do much about that. (Years ago I went to football, had a crush on Ted Seagar. Evend police) Sincerely, Jean Langfiev
