MR M NOLAN

Dear Sir or M/S.

All I want of a B.B.C. News service is a true factual report, not a sensationalising village gossip reports, that they are becoming. May we also have some adult type programmes, instead of the Continent and commercialised rubbish that is being pushed on us, usually at least on the interview, asking a question, and then constantly interrupting the person being interviewed, while they are trying to answer, must appear to be bias against the Government, or Government Ministers.

Yours truly,  
J. J. J.
