Sir  
Ref your invitation to give  
you our views on the BBC -

① The licence fee should never  
have been renewed but the BBC  
(being the most anti British after Ch. 4)  
should have been made a private firm.  
Keep the Radio to give the British a  
good name eg Voice of America

② How many 'piece and' comics and  
"actors" retire as millionaires after a  
cosy life with the BBC.

③ It's a licence to print money  
for the uncountable "Directors" etc etc.

Yours faithfully  
J.H. EOTT
