BBC Charter Reviews.

26 April 2005.

Dear Sirs,

"Your BBC, Your Say."

I am interested in Current Affairs and enjoy watching News programmes.

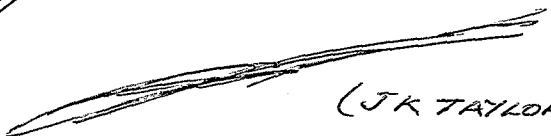

Over recent years BBC appears to have lost its impartiality in respect of Political News coverage.

Coverage and comment, of the same news items, as presented by the various other channels is much more balanced.

Hence, I now watch news items on ITV (Channel 3), Channel 4 and Channel 5. only.

At the age of 63 I've changed the habit of a lifetime.

Yours Faithfully,

  
(JK TAYLOR).
