## BBL REVIEW .

Dear Sir  
 Thank you for your invitation to give my views  
 on the BBL. I have been a listener and viewer for  
 60 plus years. Here goes! :-

I listen to Radio 2 every day, and enjoy  
 Lenny Henry, Richard Allison and Steve Wright. However I  
 find Johnny Walker impossible to listen too, with his  
 incessant giggling and tendency to play heavy metal and  
 Rock music. This is more suitable to Radio 1.

There seems to be a tendency to dilute  
 Radio 2 with Radio 1 type music which I hate.

Regarding television I find very little to  
 watch on Channel 1 and Channel 2. Too many repeats,  
 too many makeover shows, too many adverts between  
 programs which seem to me a waste of money.

Please bring back quality broadcasting even if you  
 have to chop one or two of your new channels.

Sincerely

Eric P. Taylor
