

Mrs. W. Taylor.

Dear Sir or Madam,

I read in the newspaper you are renewing the BBC. Its about time you got some new films or not repeats. The BBC programmes that are on is unbelievable. We get lots of sport and dont say much over its getting the same, football, cricket, snooker, tennis, or any other sport you can get. Its time pensioners 60 yrs and over did not have to pay a licence or half price for what rubbish is on, there is not only me but plenty of other pensioners who complain

I have written to other people about the
programmes & licence but they have not
had the principal to answer my letters
If I had to pay for watching BBC
you would be lucky to get 20£ a year.
so pull your socks up and do something

Yours faithfully
Mrs W. Taylor.
