

Dear Sir,

You ask us what we want from  
the BBC.

Well I believe you could give us (daily)  
much more news on the World stage +  
state of Affairs - i.e. The situation for Refugees  
in Dafur - Sudan - etc - etc - etc. + Worldwide.

Please send many more of your brave  
reporters to real front-line work where  
children are starving in many hundreds of  
Refugee camps? That is real news not  
playacting. I am sick + tired of 'Soaps'

I believe you could be the way  
+ the means to save thousands of lives  
if you were willing to Broadcast their  
Your Tsunami cover was Excellent +  
the services of Auschwitz - Birkenau.  
Yours faithfully Beryl Thomas.
