G. J. THOMSON

Dear Sir or Madam,

I think when the BBC Charter ends in 2006, the BBC TV License must be scrapped and the BBC privatised and scrambled, and if some people want the BBC then they can subscribe to it. The BBC does not show the programmes I want, and I have to subscribe to SKY to watch the programmes I like. The best BBC programmes are in the archives and I did hope that BBC 3 or BBC 4 would have been a archive channel.

Yours Sincerely
G. Thom
