

Your BBC your Say

In Regards To
your Advert in The Newspaper
I Hardly Ever Watch The BBC
Except For Some Sporting Events.
The BBC is Run By People who
have Their Own Political Agenda
who know That Once They get The
Licence Fee That Think They Can
Do Exactly as They Please With
That Fee.

Their Anti-Iraq War Biased
Views have led To British Soldiers
Being Spat on In The Street and
The BBC News on every News
Broadcast Calling It The Invasion
and Not The Liberation of Iraq as
It Was.

A Son of a Friend of ours was on
a Ship of The Royal Navy where
a Delegation went To The Senior
Ship Officers To Ask That The TV's
on Ship Should Be Tuned To any News
Channel Except The BBC.

The BBC used To Be The Envy
of The World But Not any more
as Its Now Almost all (A) Repeats
or (B) PC News and Programmes or (C)
grey e Depressing Programmes. Such

as Easterners or Politically Biased Reports Based Solely on Their Views Such as When The Win of The US Presidential Elections Their New Teams Could Not and Never Tried To Hide Their Disappointment and Reported almost as if it was another 9/11. Why Typed The BBC was in 2 Newspaper Articles This Week

① BBC Scotland Announce 173 Redundancies

② The BBC Pay £50,000 For a Oak Wood Statue which to me looked similar to my Grandsons Building Bricks.

What's needed is that not to do away with the TV license right away but set a date for it to finish and then (A) make BBC a digital subscription channel or (B) a commercial channel such as ITV or Channels 4 or 5.

If the BBC had to be viable just how many PC wires would be sacked
