

9th May 05.

Dear Sir or Madam,

Having read 'your BBC you say' leaflet, I have decided at long last to write + tell you how absolutely Conservative orientated I think BBC general news program is, and of course this is a nationwide news program.

I am sick to death of Andrew Mavis ever rambling anti Tony Blair + Tony Blair + Tony Blair he simply cannot stop. There is nothing that he has ever said in his favour. He + Mark Wadell work hand in hand in this respect. I always know if Tony Blair has had a bad day by Andrew Mavis antics, he literally jumps for joy + his grin goes from ear to ear, not to mention what those great big hands do. He really should be an actor. A friend of mine who is a staunch conservative said recently how much she liked Andrew Mavis + I was well + truly finally convinced.

I think in future I must watch
ITV'S news program in order to
get a balanced general opinion.

I would very much like to receive
the Green Paper, but in order for
me to answer this could you please
address it to:

Herchenhaller, Str. 50.

14199. Berlin, Germany.

where I shall be until the end
of May visiting my family. Thankyou.

I may send a copy of this
letter to Andrew Mann himself.

Yours faithfully,

Margie Whiddoe
