To BBC Charter Review:
To whom it may concern
My personal opinion is the
BBC is now frightened of upsetting
the Labour Government - the 6 o'clock
News now is pathetic almost
equal to Mickey Mouse.
Why have 2 people reading the
News?

They sometimes have to sit there
twiddling with their laptops
while BLACKBOARD MAN TALKS
DOWN TO US! usually on Science

or something similar.

Then we come to the standing up
half way, ^{through} to once again stand in
front of a big screen. Then at the
end Bye Bye - "This is not Uncle
Mac talking to children!"

London News is what we get - why can't
we have a more regional programme
for people past PINNER! Then you have
this childid Mobile phone in WHY!

Programmes are mostly for TEENAGERS
who are drinking themselves silly
WHY WASTE OUR MONEY ON RED NOSE!
You send too many correspondents
to cover the same subject whether
it is Presidential Election or Olympic
BIDS Look into it TOO MUCH POWER
TO PRODUCE TOO MUCH DUBLES!

FED UP WITH MAKE OVER, FED UP
WITH BEAUTIFYING FED UP WITH
SOAPS EAST ENDERS
STOP WASTING OUR MONEY
