

Dear Sir,

Re. Your BBC Four say

I am 77 yrs of age and watch television. My favourite programme is  $\frac{4}{5}$  log it. As the compere has an exceptional personality. We see exceptional things in this programme, and the young gentleman find a treasure trove of things and information when he visits museums and places half way thro the programme. I especially enjoyed his visit to the scrollis shop and the owner played a violin, excellent. Every part of the programme excellent & quize! programme would be welcome. Animal programmes, with and so much music and background noise

People of all ages object to  
 background music especially  
 when someone is ~~talk~~ talking  
 it distracts from the enjoyment.  
 Childrens programmes with  
 violence and bad language.  
 I attend and help at two  
 morning sessions of elderly  
 and disabled people. They liked  
 a recent dance programme. Some  
 classic music. Less hours.  
 selling. More Bill Cobbs. More  
 Clean comedy. When we watch  
 to day in parliament we don't  
 need someone to tell us their  
 opposite views as tho we are  
 imbeciles. Every day a list of  
 Doom and gloom news and  
 blatant politic. we don't need  
 Andrew Marr and others points  
 of view. It is quite obvious.

The BBC is anti Labour

Why don't you tell us like who paid for the coaches that took thousands of people to parliament against the hunting bill. Perhaps Andrew Marr could find out. There are thousands of people who live in the country against hunting. We haven't all lived in the towns all our lives. Why not interview people from all walks of life and hear different points of view. Instead of a few people who won't pay their rates. All old people

shouldnt be taxed with the  
 same level. If offensive  
 my husband and I receive £276  
 a week. We received £900 fine  
 allowance £20 XMAS BONUS FREE  
 TELE LICENCE £119 FREE EYE TEST  
 FREE HEARING AID. FREE PRESCRIPTIONS  
 HALF PRICE BUS FARES WALK IN  
 MEDICAL CENTRES DAY CARE  
 PLEASE DONT MAKE US OUT PAUPERS  
 WE HAUC NEW SCHOOLS NEW  
 MEDICAL BOCKS NEW HOSPITALS  
 PLEASE GIVE CREDIT WHERE ITS  
 DUE. THE NEWS HAS BEEN  
 INUNDATED WITH NEWS OF THE  
 POPC for

week, we are a multicultural  
country. Please give it a  
rest, I find it very offensive  
Britain is supposed to be a  
Christian Country and Royal  
family are. Yet we are inundated  
with Catholicism.

Please do your best  
to help young people to  
enjoy television without  
violence

Sincerely
