Dear Sir/Madam,

Your BBC Your Say 2005

Discreet sex, less violence (John Wayne's style), bleeps for swearwords or none at all.  
Oh, for the days of Mary Whitehouse!

Yours faithfully

Edinburgh Resident

Note:- GAPS and Senior <sup>Citizens</sup> sit up watching late night shows. It's not easy to sleep early. They don't take sleeping pills - they might stumble! They get alarmed at some of the films.
