Dear Sir

In reply to your consultation advert in the news paper I would ask that you consider giving the lesser sports more T.V. time. I.E. bowls when shown on the afternoons to run through to a climax at 5 P.M. All these sports badminton curling tennis to a lesser extent need to interest the young people of our society and I am sure all sport is or pay for the young as watching cooking and buying houses. These sports are all low cost and can be played within a few miles of most houses.

Yours sincerely J J Forbes
