

10-3-2005.

Sir/Madam,

As far as this household is concerned, the B.B.C doesn't warrant any checks at all, why we pay this Gigantic T.V licence for such awful nonsense, take a look at countries who have no T.V licence fees and produce watchable T.V and a better variety too. Sky News outdoes BBC news anytime and we have repeats of repeats.

Katerinakis

(KATERINAKIS).
