BBC Charter Review

Re Consultation white paper

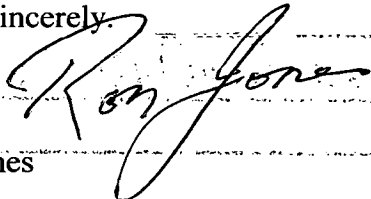

First of all let me say "Thank you" to all involved in the 10 a.m. service on Easter Sunday. It was excellent.

Now I wish to make a plea on behalf of millions of Christians in our country (many of whom are shut in) that there be a televised service of worship every Sunday morning. In a recent survey I understand that over 70% of the population declared themselves to be Christian.

I know that you will be giving careful consideration to all these matters during the coming weeks and I do trust that you will do something to this request, which I am sure would also be the wish of millions of your viewers.

There is something very different about a live christian T.V. service that is lacking in all other religious programmes.

Yours sincerely,

Ron Jones
