

Appendix B: High Technology Industries

The OECD SCOREBOARD 2003 defines the industries belonging to the high-technology intensity group as follows:

- Aircraft and spacecraft (SIC 353);
- Pharmaceuticals (SIC 2423);
- Office and computing machinery (SIC 30);
- Radio, TV and communication equipment (SIC 32); and
- Medical, precision and optical instruments (SIC 33).

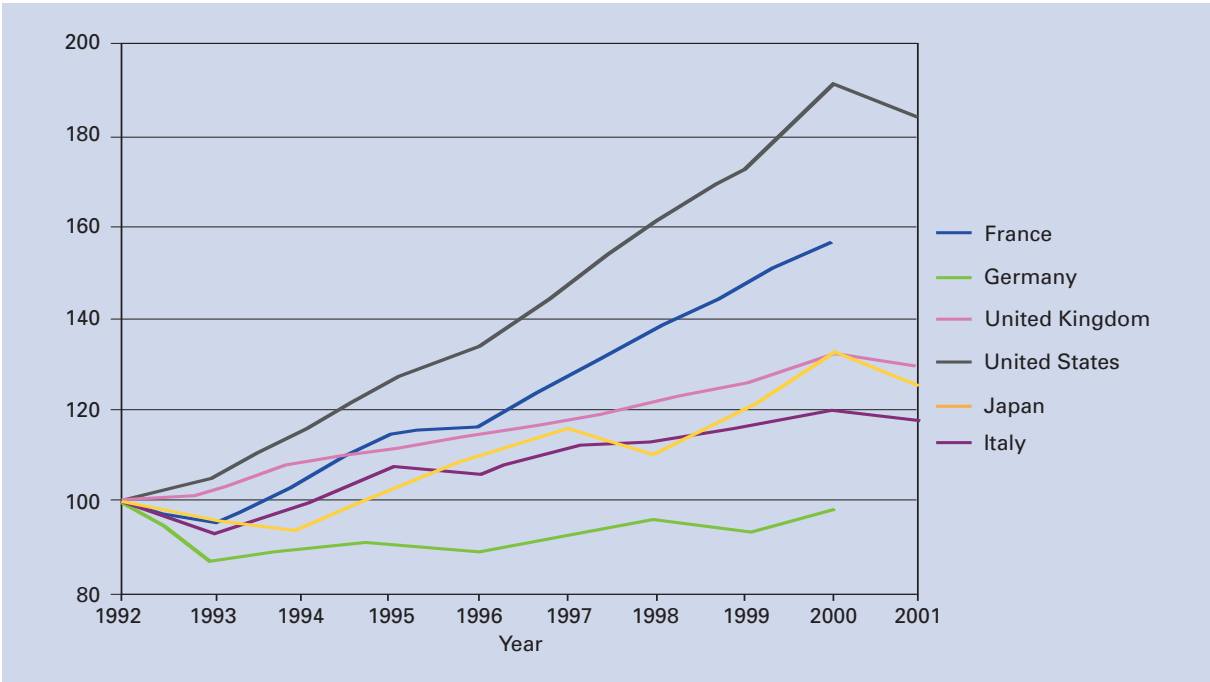

We provide here some information on the size and evolution of these industries. The source of the charts is the OECD SCOREBOARD 2003.
