

Project	Owner/Proposer	Size	Date	Status	Under Construction
GAS IMPORT INFRASTRUCTURE					
Interconnector from Balgzand to Bacton (the 'BBL' pipeline)	BBL	Potential capacity up to 44 Mcm/day	First gas planned December 2006	Under construction – on track for commissioning 1 December 2006	Yes
Dragon LNG terminal at Milford Haven	Petroplus/BG/Petronas	First train up to 16.5 Mcm/day, up to a maximum of 27 Mcm/day during peak periods	First gas Q4 2007	Under construction. Planning permission for pipeline and above ground installations ongoing	Yes
South Hook LNG terminal at Milford Haven Phase 1	Qatar Petroleum / Exxon-Mobil	30 Mcm/day	Winter 2007/2008	Under construction.	Yes
South Hook LNG terminal at Milford Haven Phase 2	Qatar Petroleum / Exxon-Mobil	30 Mcm/day	2009	Under construction.	Yes
Gasport LNG terminal at Teesside	Excelerate Energy	11.3 Mcm/day	First gas planned Q1 2007	Under construction	Yes
Statfjord Late Life project; delivery via FLAGS pipeline	Statoil	17 Mcm/day at plateau	First gas planned 2007/08	Project approved by both UK and Norwegian Governments	..
Isle of Grain LNG import and storage facility; expansion of existing site	National Grid	Phase 2 expansion for an additional 24 Mcm/day	Phase 2 due for completion in Q4 2008	Engineering, Procurement and Construction Contracts have been awarded for Phase 2	Yes
LNG terminal at Norsea Oil Terminal, Teesside	Conoco Philips	To be confirmed	First gas planned 2012/2013	Pre-planning	..
Canvey Island LNG	Calor	5.4 Bcm	To be confirmed	Planning permission refused	..
GAS STORAGE INFRASTRUCTURE					
Aldbrough storage	Joint development between Statoil and Scottish and Southern Energy	420 Mcm storage capacity	Commissioning Q3 2007	Approved	Yes
Holford storage, Cheshire	Scottish Power	170 Mcm storage capacity	Proposed commissioning 2008	Approved	Yes
Caythorpe Gas Storage	Warwick Energy	210 Mcm, storage capacity	Q3 2008	Planning application refused – appeal lodged	..
Saltfleetby Gas Storage	Wingas	715 Mcm storage capacity	Proposed commissioning Q4 2008	Planning application submitted January 2006 – awaiting outcome	..
Stublach Gas storage facility	INEOS Enterprises	540 Mcm storage capacity	Proposed commissioning 2009	Under construction	Yes

Project	Owner/Proposer	Size	Date	Status	Under Construction
<i>GAS STORAGE INFRASTRUCTURE (continued)</i>					
Albury Phase 1	Star Energy Ltd	160 Mcm storage capacity	Proposed commissioning 2009	Pre-planning	..
Albury Phase 2	Star Energy Ltd	Up to 715 Mcm storage capacity	Proposed commissioning 2010	Pre-planning. Drilling required	..
Bletchingley storage facility	Star Energy Ltd	900 Mcm storage capacity	Proposed commissioning 2010	Pre-planning. Drilling required	..
Gainsborough	Star Energy Ltd	220 Mcm storage capacity	Proposed commissioning 2010	Pre planning	..
Welton storage facility	Star Energy Ltd	435 Mcm storage capacity	2010	Local planning has refused permission. 1965 Gas Act application to be submitted	..
Preesall storage facility	Cantaxx	Total capacity 1.7 bcm	Proposed operational 2010	Public Inquiry held: awaiting decision	..
Portland Gas storage	Portland Gas Ltd	1,000 Mcm dependent on test results	Proposed commissioning from 2010 to 2013	Planning submission Q4 2006	..
Whitehill	E.On	To be confirmed	Proposed commissioning 2010-2012	Pre-planning	..
Amlwch	Cantaxx	To be confirmed	To be confirmed	Pre-planning	..
<i>NEWLY COMPLETED AND COMMISSIONED PROJECTS (AS OF JANUARY 2006)</i>					
Langeled South pipeline supplying gas from the Ormen Lange gas field development and other Norwegian fields	Norsk Hydro / Shell Norge	Pipeline capacity about 70 Mcm/day		Formal opening 16 October 2006	
Compressors at Zeebrugge to increase import capacity into UK	Interconnector UK	Second stage to increase capacity from 44 Mcm/day to 66 Mcm/day		Completed on 1 October 2006	
Isle of Grain LNG import and storage facility; redevelopment of existing site	National Grid	Phase 1, 13 Mcm/day; Phase 2 expansion additional 25 Mcm/day		Phase 1 construction complete and has received numerous cargoes	

Key: .. indicates that the project has yet to reach the stage where construction can begin.
