

Amended and corrected tables from the Digest of UK Energy Statistics 2008 published on the BERR web site

Table 2.1	Coal commodity balance 2007
Table 2.5	Manufactured fuels commodity balance 2006
Table 2.7	Supply and consumption of coal
Table 5.3	Commodity balances, public distribution system and other generators
Table 5.6	Electricity fuel use, generation and supply
Table 5.9	Capacity of other generators
Table 5.11	Power stations in the United Kingdom, May 2008
Table 5.12	Large scale CHP in the United Kingdom, December 2007
Table 7.5	Electricity generated from renewable sources on Renewables Obligation basis and Renewables Directive basis

The web addresses for these tables are:

Coal

www.berr.gov.uk/whatwedo/energy/statistics/source/coal/page18529.html

Electricity

www.berr.gov.uk/whatwedo/energy/statistics/source/electricity/page18527.html

Renewables

www.berr.gov.uk/whatwedo/energy/statistics/source/renewables/page18513.html

In addition in Chapter 6 (Combined heat and power) the third bullet point of paragraph 6.6 on page 151 has been amended and now reads:

- Grants for biomass fired CHP under Defra's Bio-energy Capital Grants Scheme

Also the heading for Table 6F on page 157 has been corrected to read:

Heat exports from CHP
