**Subject:** Comments on white paper on Transformational Government from Special Interest Group on Governance of Project Management

On behalf of the Special Interest Group on Governance of Project Management (GoPM), sponsored by Sir John Bourne (Comptroller and Auditor General) and Sir Bob Reid (former President of the Association for Project Management), I would like to congratulate the authors of the paper on the bold strategy and comprehensive scope of the paper, and offer to lend our support in its implementation.

I think that we all recognise the role of governance in delivery, and the great challenges particularly of governance of shared services projects which form the heart of this strategy. Having completed our first guide on Governance of Project Management last year, we have been working with key stakeholders and an expert group to develop a further guide on Governance of Multi-owned Projects (GoMOP).

We trust that we can work together to ensure consistency of approach.

Regards

Dr Peter Parkes
