## Aim of this slide pack

- This slide pack presents baseline and proxy data on the indicators for the socially excluded adults PSA for the East of England region. The information contained within is intended to inform Local Area Agreement (LAA) negotiations between the Government Office for the East of England and the region's local authorities.
- This slide pack is not intended to highlight poor performance but rather to assist with priority setting and planning for delivery.

# Overview of the socially excluded adults PSA

The aim of the socially excluded adults PSA is to ensure that the most socially excluded adults are offered the chance to get back on a path to a more successful life, by increasing their chances of achieving settled accommodation and employment, education or training.

The PSA focuses on four at-risk client groups:

- adults (young people aged 19) leaving care
- adult offenders (aged 18+) released from custody and on community sentences
- adults (aged 18+) in contact with secondary mental health services
- adults (aged 18+) with learning disabilities known to Councils with Adult Social Service Responsibilities (CASSRs)

## A total of 8 indicators underpin the PSA

Outcome	Client group	Headline indicator definition	Existing or new indicator	Size of group	% of group achieving outcome (England)
Settled accommodation	Offenders	Proportion of offenders under probation supervision living in settled and suitable accommodation at the end of their order or licence	Existing	55,408 (2006/07)	77
	Former care leavers	Proportion of former care leavers aged 19, who had left care aged 16 or over, who are in suitable accommodation	Existing	5,300 (2005/06)	88
	Learning disabled	Proportion of adults with learning disabilities in settled accommodation	New (proxy available)	122,155 (2005/06)	69
	Mentally ill	Proportion of adults in contact with secondary mental health services in settled accommodation	New	464,780 (2004/05)	N/A
Employment, education or training	Offenders	Proportion of offenders under probation supervision in employment at the end of their order or licence	Existing	55,408 (2006/07)	36
	Former care leavers	The proportion of former care leavers aged 19, who had left care aged 16 or over, who are in employment, education or training	Existing	5,300 (2005/06)	62
	Learning disabled	The proportion of adults with learning disabilities in employment	New (proxy available)	122,155 (2005/06)	10
	Mentally ill	The proportion of adults in contact with secondary mental health services in employment	New (proxy available)	464,780 (2004/05)	20

# Summary of indicator data for the East of England region

Local Authority	Outcome 1: Settled accommodation				Outcome 2: Employment, education or training (EET)			
	% of offenders in settled and suitable accomm (2006/07)	% of former care leavers in suitable accomm (2005/06)	% of learning disabled living in community (2005/06)	% of mentally ill in settled accomm (2006/07)	% of offenders in employment (2006/07)	% of former care leavers in EET (2005/06)	% of learning disabled in employment (2005/06)	% of mentally ill in employment (2006/07)
Bedfordshire	82	75	67	–	48	57	3	27
Cambridgeshire	87	80	71	–	47	50	11	40
