

The double standards and ambiguity between alcohol and drugs adds to the confusion of both the youth generation and general population.

.34 there must be a case for tougher drink driving laws -zero tolerance also criminalising deaths caused through drink driving -manslaughter/second degree murder

Routine alcohol testing of employees in the work place under HEALTH AND SAFETY LEGISLATION.

DAMAGE TO SOCIETY COSTS(HEALTH,SOCIETY,COSTS)

Regular health check-up of general population(well person clinics in work place/general practise-BLOOD SCREENING LFT'S)

DUAL DIAGNOSIS NOT EXPLICITLY STATED 30-40 % OF ALCOHOL USERS WOULD IF DIAGNOSED HAVE THIS CLASSIFICATION

SOCIAL FUNCTION WITH-IN SOCIETY-RIGHTS OF PASSAGE

Alcohol industry should take more responsibility (aware of PORTMAN Group) financial input into consequences NORWAY MODEL may offer some useful ideas.

HEALTH PROMOTION ""BUT"" ' moderate alcohol consumption may be beneficial in some groups' ambiguous message lead to people hearing different things CLARITY OF LEVELS UNITS

GOVERNMENT FEW YEARS AGO ATTEMPTED TO RAISE DAILY ALCOHOL UNITS (?PRESSURE FROM ALCOHOL INDUSTRY)BUT RECEIVED UNIVERSAL OBJECTIONS FROM THE MEDICAL AND AND HEALTH PROFESSIONS.
