

Subject: Rozsynski, Sue

I am Chair of the Curriculum Committee of two Primary Schools in Maidstone, Kent and I would like to voice our support for the BBC's proposal.

I do not think it would be unfair competition for the current software companies. In fact it may well encourage them to look even more closer at what they provide and help to further raise the quality of what is on offer to schools.

Sue Roszynski (Mrs)
Curriculum Committee Chair
Loose Infant School & Loose Junior School,
Maidstone, Kent.
