IT IS NOT A NASTY CHAIN LETTER.
IT'S A GREAT OPPORTUNITY WITH NO TRICKS.**

READ ON

My name is David Rhodes. In September 1997 I lost my job. At the time I was living at the edge of my means and in debt. Consequently, this started a chain reaction that ended with the re-possession of my home and car. If that wasn't enough, several debt collectors were constantly hounding me like you would not believe. As you can imagine, my prospects looked pretty bleak.

In January 1998, I received a letter telling me how to make £40,000 at a time. I ignored it because I was sceptical. However, by March I was even further into debt. I finally realised that I had absolutely nothing to lose by having a go – and apart from that, I couldn't stop myself thinking “..what if it actually works?” In the summer of 1999 my family and I went on a cruise and bought a brand new Mercedes with cash. I'm currently building our £300,000 dream house and I don't owe a penny to anyone.

To date I have made £582,710. My accountant has drawn up a cash flow forecast in which he predicts that I will become a millionaire within the next six months, just through this business alone. Even now as I write this letter to you, I find it strange to come to terms with this fact, like most people, I've worked hard and struggled all my life just to get by – and then something ridiculously simple nonchalantly drops into my lap and turns my life around almost immediately. When you look back to all the similar things I've thrown into the bin, it makes me shudder because I know just how close I came to missing out completely.

The business plan works perfectly every time. I've never made anything less than £40,000 after cash mailing. This is a legitimate business opportunity, a perfectly legal money making enterprise. IT DOES NOT require you to SELL anything. IT DOES NOT require you to speak to your friends and family (unless, of course, you want to). In fact you don't have to come into contact with any people whatsoever. Therefore anyone with a pulse can become successful and make their fortune with this system. If you believe that “every dog should have it's day”, then follow this simple plan exactly as it's set out below and I guarantee that within the next 60 days your life will be transformed FOREVER.

If you decide to let this opportunity pass, I would like you to know that I sincerely respect your decision and I understand that you will have your reasons. I therefore wish you the very best of luck in the future. I'm able to say this with unbiased sincerity because, as you will see, even if you decide to work this plan, I will not receive any financial gain from you, full stop. However, remember life is short! Nobody has ever said that you can't have financial freedom to do what you want to do, when you want to do it, but you must pay the price. The price here is “ACTION”, it's as simple as that!

I'm very proud to say that I've fulfilled my duty to my children by securing their financial future in a very uncertain world, and I don't believe that any price is too great for that kind of security.
