Subject: Christian Broadcasting Licences.

To Tessa Jowell MP,
Secretary of State for Culture Media & Sport.

Dear Madam,

May I submit that we need to be aware we do not further erode the Judaeo-Christian values of our society, by not allowing national and local licenses for Christian radio and TV. Christian media could direct much assistance and guidance to young people. Helping for example to fulfill the governments promise to reduce the drug culture. Many media roll models at present do little to encourage the kind of society Tony Blair says he wants!
