Subject: Review of ban on Radio and TV Broadcasting Licence Applications

Dear Minister

I am amazed that law now forbids us, a once proud Christian Nation, to have Christian Radio stations apply for a licence to broadcast Christian music and teaching. We all need boundaries within which to operate otherwise we do not know right from wrong, many of our laws were based on the moral principles obtained from the Bible, which is the only real truth on which to build a caring and compassionate society.

To withhold from the nation the right to listen to wholesome and moral material, whilst allowing the rest of the media to broadcast programmes that encourage lawlessness, violence and lust, is a recipe for disaster. Our nation is beginning to reap the results of this and it can only increase unless we turn back to God in repentance.

The people of this land deserve the right to choose, we are told that there is always the off switch if we do not like that which is on Radio or Television, there should also be the availability of the location to choose an alternative.

God is calling this nation to turn back to Him before it is too late, will this government heed His call, or will it ignore Him and bring the judgement that will surely come.

The Christian community of Britain is asking the government to allow it the right to it's own type of entertainment, please look favourably on our request.

Yours faithfully
